

This memorial brick walkway is sponsored by the Washington County Historical Society and the Plymouth Pilgrims. All money will go towards this memorial. We will be accepting donations for specific bricks honoring Civil War veterans as well as general maintenance of the walkway. We will accept donations in memory of any Civil War Veteran not just forces who were present in the Battle of Plymouth. If you have a family member who served on either side of the war we would love to have the opportunity to honor them. This will be a wonderful place to come, visit, and honor those who served. We hope to unveil this project at the 29th Annual Living History Weekend in April 2019, the 155th anniversary of the Civil War.
